This is a limited offer that is valid for all orders placed between 1 October 2013 and 30 November 2013.

Specifications

Tripod	Material	Anodized Aluminum
	Weight	9.5kg
	Pole Height (fully extended)	3m
PV Panel	Type	Poly Crystalline
	Wp	3*20Wp (total 60Wp)
Charge Controller	OCU Gen 1 + 5A	Charge/Discharge current Max 5A
	BRP330	Green Vision Mini
Luminaire	Lumen Output	1500lm
	Wattage	14W
	System Efficacy	105lm/W ± 5%
	CRI	75 ± 5
	Color Temperature	5700K (CW), 4000K (NW)
	Material and Finishing	Housing: Die-cast Aluminum
	Working Temperature	-40°C < Ta < 45°C
	Lifetime	50,000 hours (LM70@Ta=35°C)
	Dimensions (LxBxH)	360x300x140mm
	Weight	4.5kg
	Classifications	IP65; IK08; Class 1
Suitcase	Cables Length	6m
	Dimensions (LxBxH)	750x540x360mm
System	Weight	14kg
	Working Tempurature	-5°C - 45°C
	Voltage	12V
	Autonomy Hours	3 days for a single charge
	Battery	50 AH Battery
